Free Bilingual Summer Fun VPK also Available

### What you need?

- Safety scissors
- Straight pin
- Pencil with eraser

### How to create the pinwheel?

1. Cut on the diagonal dotted lines (don't cut all the way into the middle).
2. Bend each corner to the center dot, but don't crease your folds.
3. Push a pin through the center into the eraser of a pencil (don't push it super tight). Optional: put a bead in between the eraser and the paper... some people find it spins a bit better this way...
4. Blow the edge of your pinwheel to make it spin (if it doesn't spin, loosen your pin a little or wiggle it around to make the hole in the paper bigger).
5. Find some wind and test it out.

## How to build your own pinwheel?

# Enjoy Summer to the Fullest and Take Advantage of Learning a Second Language

Summers are always fun, exciting and imaginative at Summer Fun Bilingual Camp! This camp was created for children to enjoy the summer to the fullest and take the advantage of learning a second language. Our Bilingual\* Camp has a fun, nurturing and safe environment, where everything we do has your child's happiness in our mind. With us your child will create, learn, venture, build, explore, wonder, sense, exercise, read, act, sing, cook, analyze, play music, draw, laugh and most important ... have amusing blast with friends!

At Summer Fun Bilingual Camp! We have the best combination of activities guided by a loving and experienced team of professional teachers that get to know each and every one of the child's needs, styles and interest to be able to provoke and inspire them to learn and have fun every single moment they are with us.

## Discovery Camp (1-4 year olds, in-school)

5 days a week 9:00am to 4:00pm starting at \$158 per week (register before April 30)

This program is designed for our little campers, where in a dynamic learning environment they can discover the world through weekly themes that include Artists in Action using the QUEST program from Harvard University, music, hands-on young chefs, puppets, exciting science, bounce house, water fun, crazy arts & crafts, special shows and much more.
